

WITHDRAW from the anti-democratic European Union Empire !!

The European Union is a dangerous anti-democratic Empire. Power lies in the unelected, unaccountable (except to its corporate Masters) **European Commission**. The **European Parliament** is virtually powerless, with MEPs given 90 seconds to speak before the microphone is shut off.

The real power behind the EU (and Eur. Comm.) are **corporate Cartels** (syndicates) composed of **giant corporations** (especially the Chemical-Drug-Biotechnology cartel, the Banking cartel, & the American-British Oil cartel);

all of the Cartels are closely interrelated; **German, American & British giant corporations** dominate;

(The former Prime Minister of Britain, Harold Wilson, referred to the Treaty of Rome as "the Magna Charta of the Western European Multinationals".)

The EU elite, composed of giant corporations, is contemptuous of the results of popular referendums in France, the Netherlands, and Ireland.

**The EU means
to You, your Children and Grandchildren ---**

--- **the death of our nation-states and democracies**, our countries made into provinces of the EU Empire, **our parliaments helpless under EU dictation**. [our patriotism undermined by mass immigration]

--- **Militarization and War-Imperialism** -- Lisbon Treaty (clause 49) orders all Member States to militarize & supply the EU with forces which can be used in countries outside the EU, **AND within the EU !!**

--- **Genetic Engineering (GMOs) and sacrilegious Patents on Life** --- forced acceptance of unsafe GMO food & crops & medicine; allowing giant corporations to claim property rights in farmers' crops contaminated by GMOs ("infringement of patent", the swindle is called);

GMOs & Patents on Life spell re-colonization of the Third World & the **eventual doom of small-family farmers everywhere on the planet**.

Genetic Engineering is a primary policy of the **EU Elite's powerful Chemical-Drug-Biotechnology cartel** which also dictates the EU's policy of severe restrictions on alternative health remedies.

--- **NUCLEAR POWER PLANTS** -- a major Cartel & Eur. Commission policy. Radioactive waste is an impossible problem, so Directive 96/29 Euratom makes an allowance for corporations to **release extremely poisonous radioactive wastes into the air, the earth AND into consumer goods** (Believe it or not, this vile business is true).

GLOBALIZATION, PRIVATIZATION & other policies **favoring giant corporations against small-and medium-sized businesses** & local industries & against Workers' Rights & all of us Consumers --- & against Nature with widespread environmental destruction

LOSS of JOBS -- high rates of UNEMPLOYMENT characterize Cartelized economies because small- and medium-sized businesses employ far higher numbers of employees per market share than do big corporations

HIGH PRICES --- the **American-British Oil Cartel**, one of the key members of the EU Elite, and primarily responsible for **catastrophic Global Warming and the Iraq War** has raised prices ruthlessly through sheer power; the other Cartels in the EU Elite support, of course, the Oil Cartel

LOSS of PUBLIC SERVICES -- the selling off of public assets to private corporations, and **diminishment of health, unemployment, pension**, etc. services to avoid "deficit spending" (Banking Cartel policy)

CORRUPTION and WASTE are rampant in the EU -- One year an entire European Commission resigned because an independent committee found corruption so heavy and obvious; a chief of auditors was fired because she refused to pass the audit due to irregularities; a journalist was arrested and his computer, etc., confiscated by police because he revealed EU corruption

STUDENT FEES and EU policies against social justice --- the EU Cartels work against an egalitarian and fair society, preferring elitest class structures of the 19th century

What Exactly We Can Do About It in a little Spare-Time

WITHDRAW from the anti-democratic, Cartel-dominated European Union empire. Demand it. We must pull out !!

THEREFORE, to pursue our goal and **regain our Independence and Freedom**, consider doing some of the following, **in a little spare-time on a weekly basis, as part of an ethical life-style:**

1. **Inform others** (family, friends, associates, groups), and ask them to do the same thing you are doing. **Pass them these information-sheets to duplicate & distribute.** [This helps create a **Chain Process** and a **grassroots mass media.**]

For the more ambitious, go **Door-to-Door in your community**, handing out leaflets and briefly telling recipients why you are doing this, that the information is important for their children and grandchildren.

Two people (preferably a man and woman) can go to a **University**, talk to students and hand out leaflets. **Major efforts must be made in Universities.**

2. **Write Letters-to-the-Editor** of local, regional and national media.
3. **Direct Action** --- Publicize information in interesting ways.
Protest publicly in favour of Independence and Freedom, and against those who show themselves disloyal.
Perhaps form **Democracy Centres.**
4. **Give talks** to whomever will listen. We need **talkers & speakers & telephoners !**

**Set your mind and heart that
We will not take No for an answer.**

NOTE: Your actions are essential in this fight for Freedom. Why? Because government representatives and experienced organisations know that, while one person takes the time to contact them, **many hundreds more** share those views yet lack the initiative to contact them. So **You**, dear reader, are equal to perhaps 500, or more.

Furthermore, when you ask others to forward the information, a **Chain Process** begins that has a rippling effect. Imagine the effect of thousands of people initiating such an educating-and-activating process.

In conclusion, the life or death of this nation depends on YOU and ME. This is a test of our national Character.

"For evil to flourish, it is sufficient only for good men to stand by and do nothing."
